Ladies and Gentlemen,

I'd like to tell you about my dream home. It is a large house in the country. It has two floors. My family can live together. There is a garden behind the house.

There are at least 8 rooms. On the first floor there is a kitchen, a dining room, a sitting room and a bedroom. On the second floor there are two bedrooms, a bathroom and a study.

My dream home is very comfortable. After school I do my homework in the study. In the morning I read books in the garden and I can also grow some flowers in it. I can ask my friends to have parties, watch films or play games together in the house. It is great fun!

I love my home.

That's all. Thank you.

Thank you for sending me the postcard. I'm very happy  
to tell you my life in Sunshine Town.

It is a new and modern town. There is less pollution  
here. There is a country park (It is called Sunshine Park).  
The park is beautiful. You can go walking there. There are  
lots of shops in Sunshine Town. You can find lots of  
souvenirs and they cost a little money. You can try Beijing  
Duck in one of the Chinese restaurants. You can also enjoy  
Beijing opera here. Next Saturday my Chinese classmates  
will hold a farewell party for us. We will have a picnic in the  
park. We will also play different ball games. It is very  
interesting to live here. I feel very happy.

Hope to see you soon.

With love from,  
John

**Welcome to my new flat**

Hello! I am Han Mei. My new home is not far away from the centre of the city. It takes about 20 minutes to get there. There is a park near my home. (There are many trees, lakes and green hills there.) On Sundays I often go jogging there with my friends. This is a wonderful place to live. The flat building has five floors. Mine is on the third. I have my own bedroom. I can play computer games or listen to music in it. The neighbours are kind and helpful. They help people with all kinds of problems. My favourite place is the community centre. After school, I often go there with my friends. There are many things to do there. I often help others with their homework. I am always busy. Start from school and walk straight along Chang'an Road. Take the third turning on the right. Then you will see a bookshop. I will wait for you in front of the bookshop. I am looking forward to seeing you soon.
